PROFESSIONAL SUMMARY

Results-driven Frontend Developer and BSCS student with 5 verified remote internships and proven experience building responsive, high-performance web interfaces using React.js, JavaScript (ES6+), and Tailwind CSS. Skilled in translating Figma design mockups into pixel-perfect, cross-browser compatible UI components with clean, maintainable code. Demonstrated ability to collaborate with teams, integrate REST APIs, and deliver scalable frontend solutions including eCommerce apps, admin dashboards, and restaurant websites. Strong foundation in performance optimization, version control (Git/GitHub), and agile remote workflows.

TECHNICAL SKILLS

Core Technologies: HTML5, CSS3, JavaScript (ES6+), React.js
Styling & Frameworks: Tailwind CSS, Bootstrap, Responsive & Mobile-First Design
API Integration: REST APIs, Fetch API, Axios
Design & Tooling: Figma (Design to Code), VS Code, Git, GitHub
Testing & Quality: Unit Testing, Debugging, Cross-Browser Compatibility
Learning: TypeScript, Next.js 14, React Query, Zustand, Jest/Vitest
Soft Skills: Remote Collaboration, Time Management, Teamwork, Problem-Solving

INTERNSHIP EXPERIENCE

Frontend Development Intern — Syntecx Hub

Remote | 1 Month

- Built responsive web applications using React.js and Tailwind CSS, implementing reusable and scalable UI components as per project requirements.
- Developed and delivered interactive interfaces with cross-browser compatibility, ensuring seamless user experience across devices.

Frontend Development Intern — Apexify Technologies

Remote | 1 Month

- Translated Figma design mockups into pixel-perfect React components using Tailwind CSS, maintaining high design accuracy.
- Completed tasks involving responsive layouts and cross-browser compatible interfaces, adhering to frontend best practices.

Frontend Development Intern — Developershub Corporation

Remote | 6 Weeks

- Translated Figma designs into fully responsive React.js applications using Tailwind CSS with pixel-perfect accuracy.
- Built admin dashboard with interactive UI components, clean layout structure, and optimized responsive design.
- Delivered all assigned tasks on time, maintaining high design accuracy from Figma to production-ready code.

Frontend Development Intern — SoftGrow Tech

Remote | 1 Month

- Completed frontend development tasks including multi-page React applications and admin dashboards with scalable component architecture.
- Maintained consistent remote collaboration, regular progress updates, and timely task delivery throughout the engagement.

Frontend Development Intern — WebDev Masters

Remote | 1 Month

- Built reusable UI components using HTML5, CSS3, JavaScript (ES6+), and React.js following industry code quality standards.
- Applied responsive design and mobile-first techniques, maintaining regular progress communication with the team.

PROJECTS

Ecommerce App (BuyNest) — React.js, Tailwind CSS, REST API —

- Built a full-featured eCommerce application with product listing, cart functionality, and REST API integration, featuring responsive UI and clean component architecture.

Weather Dashboard — React.js, Tailwind CSS, REST API —

- Developed a real-time weather application fetching live data from a public REST API with fully responsive UI and performance-optimized data handling.

Task Management App — React.js, Tailwind CSS —

- Created a task manager with full CRUD functionality (add, edit, delete), efficient state management, and intuitive responsive interface.

EDUCATION

Bachelor of Science in Computer Science (BSCS) — Bahauddin Zakariya University (BZU), Multan

2023 – 2027 | CGPA: 3.67

CERTIFICATIONS

- Frontend Development Internship Certificate — Syntecx Hub
- Frontend Development Internship Certificate — Apexify Technologies
- Frontend Development Internship Certificate — Developershub Corporation
- Frontend Development Internship Certificate — SoftGrow Tech
- Frontend Development Course Certificate — WebDev Masters
- Web Development Training Certificate — Skills Education

ACHIEVEMENTS & HIGHLIGHTS

- Completed 5 verified remote frontend internships while pursuing full-time BSCS degree — demonstrating strong time management and professional reliability.
- Maintained 3.67 CGPA at BZU while actively building production-level projects and freelancing on Fiverr (sadiadev05).
- Successfully delivered Figma-to-React conversions for multiple clients with zero revisions on design accuracy.
- Active open-source portfolio with live projects at sadiaramzan-portfolio.netlify.app and github.com/sadiaramzan838.
